

Who we are

The Saddle Sore Ranch is a privately owned property, located directly on Historic Route 66, at milepost 36.5 in Golden Valley, AZ.

It is a product of the owner's passion for motorcycles and Route 66. Owners Rob and Lubia Borden often allow use of the property for gatherings, fund raisers, charitable and other special events.

For Route 66 travelers, they allow their property to be used as a rest stop and picnic area. Also, they often will allow an overnight camping or boondocking stay, in order to provide a safe place for weary travelers to lay their heads.

RALLY GUIDE

Welcome to the 2022 Route 66 Bike Week. The **“SOUTHWEST’S LARGEST ROLLING RALLY”**. We are very excited to have you. We have put a lot of effort into making this a rally you will make a tradition of, and come back year after year. We have worked hard to establish relationships with business owners, city leaders, chambers of commerce and government agencies, to assure their participation and support.

As with anything, we learn new ways to improve our rally each year. You have our commitment that we will continue to grow, improve and expand each year.

Our rally is designed to have you out on the road.... Riding and exploring. With your “knees in the breeze”, making wonderful memories, and stopping into places that you may not have otherwise stopped at. We find that much more fun than walking around crowded parking lots full of the “same old, same old”.

While we certainly have some vendors scattered along the route, we like to bring focus to all of the local, small businesses that call the Mother Road their home 365 days out of the year.

Don’t forget the AMAZING area side trips, like the Grand Canyon, Hoover Dam & more. Thanks again for joining us for the 2022 Route 66 Bike Week...
Rob Borden

GETTING STARTED

What to Include?

Route 66 Bike Week is designed to keep YOU in charge... Not follow the masses (unless you want to). There is no set time to be anywhere. You go at your own pace, make your own plans, and decide what you want to see, how long you want to stay, and where you want to go next. Follow along with a pack of your buddies, or head out for a solo adventure. Like we say, “it’s all about the ride YOU decide”.

“Route 66 Bike Week is a Kodak moment that stretches over 320 miles”.

— Rob Borden

What to do FIRST...

Go thru this guide, and make a general plan of what interests you, and what doesn’t. Plan your days accordingly. Our rally is a culmination of events, activities, bands, etc that take place at our “Rally Central” (the Saddle Sore Ranch), and all of our participating Rally Stops between Needles, CA and Seligman, AZ. Keep in mind, some of these activities, bands, etc may change without notice.

When you are out there, on the road.... Take your time to relax, enjoy and make stops along the way. This isn’t a race, it’s a trip down perhaps the most historic roadway in the world. Imagine a time, before the interstate system, when practically ALL of the traffic going to and from Los Angeles, travelled down this very road. Families, outlaws & more...

COYOTE PASS Chapter of ABATE Kingman, AZ

ABATE is a nationwide organization directly involved in the rights and laws affecting motorcyclists. There are eight regional chapters in Arizona, and Coyote Pass is the newest and most dynamic.

ABATE is active with the state legislature, working directly with our representatives to pass laws that keep motorcyclists free and safe.

ABATE is active in the local community, holding events that benefit others, as well as our own organization.

It doesn't matter what you ride, Sport, Tour, Cruiser or "Other", ABATE is your voice!

Coyote Pass Chapter Meetings
are held the 2nd Tuesday of the month at 6:00 PM

Find us on facebook for meeting details.

Westside Lilo's – 10% off food and non-alcoholic beverages.

SIDE TRIPS

One of the most amazing things about Route 66 Bike Week, is it's proximity to two of the "Greatest Wonders Of The World". The Grand Canyon, and the Hoover Dam. Either of which can be done in less than a day's ride, round trip.

Aside from those great destinations, you could cruise up to Hualapai Mountain (Kingman AZ), take the underground tour at Grand Canyon Caverns, tour El Garces train station in Needles, tour the Kingman Visitor's Center & Route 66 Museum, check out Keepers Of The Wild Nature Park in Valentine AZ, venture a little further East on 66 to Williams, Bellemont or Flagstaff AZ, or ride West to Amboy, Ludlow or Barstow. Head north to shoot machine guns at the Arizona Last Stop, cruise down the world famous Las Vegas strip, or head south to Lake Havasu City to see the world famous London Bridge.

CONTESTS

PHOTO CHALLENGE

Route 66 Bike Week has been called a “320 mile, perpetual Kodak moment” by founder, Rob Borden... Why not win some kool prizes for those photos you are taking anyways? It’s simple, when posting the pics on your social media, just “tag” or “check in” to **ROUTE 66 BIKE WEEK – ARIZONA** or the **SADDLE SORE RANCH – ARIZONA ROUTE 66**. Each photo you post, with either of those tags, is another chance to win kool prizes. Winning photos will be selected after the event, and winners will be notified directly.

SCAVENGER HUNT

You will use the “Scavenger Hunt” pages in this Rally Guide to participate in the Scavenger Hunt. There are eight “stamp stops” listed, between Needles, CA and Seligman, AZ. Get all 8 passport stamps, then show them at the Saddle Sore Ranch before noon on Sunday, to receive a free raffle ticket for special Scavenger Hunt prizes. Winners will be contacted directly. Need not be present to win.

I SPY SPIKE

Spike, Needles’ most famous resident, is at the Needles Regional Museum on historic Route 66 in Needles. Snoopy’s brother is the creation of Charles Schultz who lived in Needles as a child and his dog’s name was Spike. Come by for a photo with Spike.

Originally born as a railroad town encampment named Prescott Junction, Seligman was officially named in 1886 after Jesse Seligman, a railroad financier. After the decline and eventual delisting of the Route 66 from the United States Highway System in 1985, Angel Delgadillo (of Seligman) went on to found the Historic Route 66 Association of Arizona. Thus earning himself many nicknames including “the Guardian Angel of Route 66”. Eventually Route 66 associations were founded in all eight US 66 states with similar goal: preserving the once-important road.

Kingman is known as The Heart of Historic Route 66 because the longest remaining preserved stretch of the famous all-American road, Route 66, runs through downtown. The Route 66 Museum is truly unique in that it is a museum of history, housed in a historical building that lighted the way for the earliest Route 66 travelers.

10 miles, 222 curves.... The history behind the
“MOHAVE RATTLESNAKE”

Between 1926 to 1952 US 66 was aligned directly through the Black Mountains on what is known as Mohave County Route 10 or the Oatman Highway. This brought it right thru the wild west mining town of Oatman, AZ. Also referred to as `Bloody 66`, the origin of the `Rattlesnake` nickname can be traced back to the 1970's, with stories that say the name goes back even further than that. Legend has it that it was also called simply `the rattlesnake`, and `rattlesnake ridge` as well. The name came from the road's abundance of snake-like curves, and the inherent danger of not surviving if you `got bit by the rattlesnake`. At some point, "mohave" was added to the nickname to provide a geographical reference. Thereby becoming known as the "Mohave Rattlesnake". The color green is used to represent the mohave green rattlesnake, that is native to the area. Other names for this road have also been documented, but no matter what you call it, be safe, and don't get bit.

"Oatman, Arizona was sparsely settled starting in 1863 when a small bit of gold was discovered in the surrounding Black Mountains. Not much came of the discovery until two lucky prospectors struck it rich in 1915, with a 10 million dollar claim. The town grew rapidly after that, and in the course of a single year, the tiny tent village became a bustling town of 3,500 people. In the 1920s and 30s, the population grew to around 10,000. A fire in 1921 burned down nearly every building in Oatman."

Needles' formation began when three railroads, Atlantic and Pacific Railroad, Southern Pacific Railroad and the Santa Fe Railroad joined together to form the 35th Parallel Transcontinental Railroad. In 1883, Needles became the home of the railroad workers, who helped build the railroad making coast-to-coast travel available to the newly developing West.

ROUTE 66 BIKE WEEK - NEEDLES

Route 66 Bike Week - Needles to Seligman and Beyond - will begin at the historic El Garces and Santa Fe Park on Route 66 in Needles. Needles Tourism will host the event on **Friday, April 29, from 8am-3pm** along with sponsors Marvin's Mary J and The Red Dog Saloon and Wagon Wheel Restaurant, both iconic Route 66 stops. **Food will be offered by the Needles Eagles Aerie #2599 and music will be provided.**

The Mother Road in Needles has several other noteworthy sights - Needles Regional Museum where Spike resides, Wayside Rest Stop, Veterans Memorial on Old National Trails Hwy, colorful murals on many of the historic buildings and BNSF Railroad that follows much of Route 66. **Complimentary tours of the El Garces will be offered.**

Come to Needles and travel on an original part of Route 66! We look forward to seeing you.
